

Tuskegee Normal and Industrial Institute,

For Training Colored Teachers.

Tuskegee, Ala., March 7 1890

Mrs H. S. Robbins,

Peabody

Mass.

Dear madam:-

I write to know whether it is possible for you, your church or society to send us any clothing to help our students? We can make good use of clothing whether it be they are new or old, for wear or bed use - and use them even though they be very much worn.

A number of our students have no money, but have to work out their entire expenses, and you can hardly realize how much good we can make clothes do for such a class

of student. - The enclosed circular
will give you a further idea of our
institution.

Yours truly,

Booker T. Washington, Jr.,
